COMANCHE FLAP MOTOR & TRANSMISSION – EXCHANGE SERVICE

ANOTHER SERVICE COMANCHE GEAR PROVIDES IS EXCHANGE OF THE FLAP MOTOR AND TRANSMISSION ASSEMBLY. THESE ASSEMBLIES ARE OVERHAULED BY WEBCO AIRCRAFT [THE ACKNOWLEDGED AUTHORITY FOR THIS SERVICE] AND KEPT IN STOCK IN NAPLES, FL FOR IMMEDIATE SHIPMENT. THE ADVANTAGE TO YOU AND/OR YOUR CUSTOMER IS NO DOWN-TIME; SAVING TIME FOR SHIPMENT TO AND FROM, AND THE TIME FOR WEBCO TO OVERHAUL YOURS. YOU CAN HAVE A FRESHLY OVERHAULED AND Y/T ASSEMBLY AOG.

THE COST IS \$150.00 EXCHANGE [\$15.00 MORE OUTSIDE THE USA – THE EXTRA IS FOR THE TIME REQUIRED FOR THE SHIPPING PAPERWORK] ON AN **APPROVED CORE***. YOU SEND THE OLD ASSEMBLY TO WEBCO FOR O/H; YOU PAY THE O/H AND THE FREIGHT CHARGES. WEBCO SHIPS YOUR O/H ASSEMBLY TO ME. AND THE PROCESS CONTINUES. OBVIOUSLY IF TIME ISN'T A FACTOR, YOU CAN SAVE THE \$150.00 EXPENSE AND HAVE WEBCO PERFORM THE SERVICE ON YOUR ASSEMBLY.

***APPROVED CORE** – THE FLAP MOTOR IS SMALLER THAN THE GEAR MOTOR; I'VE SEEN A FEW SUBSTITUTIONS. YOUR CORE MUST BE THE PIPER P/N 475-192, AMERICAN BOSCH P/N M0721082A. NO GEAR MOTORS ALLOWED IN THIS APPLICATION. THIS MOTOR IS VERY DIFFICULT TO FIND
